TOUCH-FREE,
ACCESS IS EASIER THAN EVER

MinMoe DS-K1T321 Series

Access Control Terminal with
Face Recognition Function

Deep learning algorithm
supports face anti-spoofing and privacy protection

Multiple authentication methods
including Faces, Fingerprints, Cards, PIN code

Easy device configuration
supports web configurations via PC & mobile phone

Optional backup battery
increased system reliability during blackouts

500
Faces

3,000
Fingerprints
(optional)
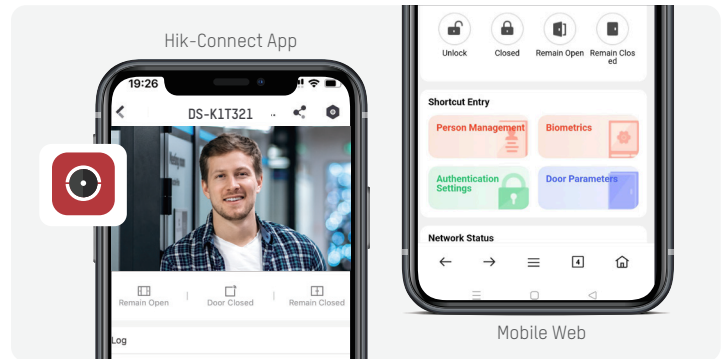

3,000
Cards

Powered by Deep Learning Algorithm

Visible light anti-spoofing technology boosts security levels at entry points

⚡ **Recognition Speed** < 0.2s	✓ **Accuracy Rate** > 99%

Easy Operation

- Quick and easy registration with various access methods
- Convenient device configuration via GUI or web (both PC & mobile App supported)
- Remote control via mobile app

Hik-Connect App

Mobile Web

How it Works

Lock

Reader

Secure module (optional)

DS-K1T321 Series

HikCentral Access Control

— TCP/IP
— Wiegand
— RS-485
— Multicore cable

DS-K1T321 Series

2.4-inch LCD Screen

200 mm

78 mm   31.5 mm

Face image storage	500		**Card storage capacity**	3,000
Fingerprint storage capacity (Optional)	3,000		**Event storage capacity**	150,000
Card types	Mifare 1 or EM		**Connectivity**	TCP/IP , Wi-Fi RS-485 USB
