HIKVISION®

TOUCH-FREE,
ACCESS IS EASIER THAN EVER

DS-K1T320 Series *Access Control Terminal with Face Recognition Function*

2.4"

500 *Faces*

1,000 **Fingerprints**
(optional)

1,000 *Cards*

MinMoe

Deep learning algorithm
supports face anti-spoofing and privacy protection

Multiple authentication methods
including Faces, Fingerprints, Cards, PIN code

Easy device configuration
supports web configurations via PC & mobile phone

Flexible deployment
supports both cloud-based and on-premise deployment

Powered by
Deep Learning Algorithm

Visible light anti-spoofing technology boosts security levels at entry points

Fast Recognition Speed
	Recognition Speed		Accuracy Rate
⚡	< 0.2s	☑	> 99%

Easy Mobile Operation

- Quick and easy registration with various access methods
- Convenient device configuration via web or GUI
- Remote control via mobile app
