MOTION DETECTION 2.0

Smart Motion Capture Boosts Accuracy and Efficiency

Hikvision combines the widely applied motion detection function with deep-learning algorithms that differentiate persons and vehicles from other moving objects. Use Motion Detection 2.0 for a wide range of residential and business applications, both indoors and out.

Focused

Concentrate on human and vehicle events

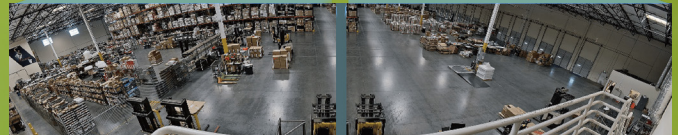

Efficient

Quick target searches for human and vehicle events

PANORAMIC CAMERA

Seamless, Colorful 180° Images 24/7 to See Far with No Blind Spots

Left lens image

Right lens image

The seamless fusion of images in one 180° Panoramic Camera
